

TECHNICAL SEMINAR – PHARMACEUTICAL APPLICATIONS

ORKILA and its partners for the PHARMACEUTICAL INDUSTRY, ROQUETTE & MEGGLE organize a CUSTOMER EVENT in CAIRO, for the 23rd & 24th MARCH 2010

ROQUETTE and **MEGGLE**, together with **ORKILA** will take advantage of this Technical Seminar to reinforce their position of leaders in the tableting and formulations market by proposing new ingredient solutions that meet the multiple challenges faced by the pharmaceutical players.

The Seminar Agenda covers important & related information leading to new and innovative solutions designed to improve formulation, tablet and capsule production under the headings:

Formulating with Roquette's Excipients

Lactose in Tableting and Capsulation Technology
